Licence(s) to be varied

☒ L/2017/00012/12 (Expired Marine Licence)

What would you like to vary about your current licence(s)/response(s)?

Extend the licence period until September 2026.

Why would you like to vary your licence(s)/response(s) in this way?

We have submitted MLA Reference MLA/2026/00019 to cover the next 10 years of dredging works at the site, however we do not foresee this being issued until after the current dredge licence expires on 1 March 2026 and critical dredging works are planned around April / May. This approach has been discussed and confirmed acceptable over email by Christie Powell, Marine Licencing Senior Lead on 3 December 2025.

What date would the varied licence(s)/response(s) come into effect?
