29th June 2020

Dear Sir/Madam,

**Application details – LAND AT AND ADJOINING ESTON ROAD INCLUDING GATEWAY
JUNCTION OF A66 TO MIDDLESBROUGH ROAD EAST GRANGETOWN**

Thank you for consulting Northumbrian Water on the above proposed development.

In making our response to the local planning authority Northumbrian Water will assess the impact of the proposed development on our assets and assess the capacity within Northumbrian Water's network to accommodate and treat the anticipated flows arising from the development. We do not offer comment on aspects of planning applications that are outside of our area of control.

It should also be noted that, following the transfer of private drains and sewers in 2011, there may be assets that are the responsibility of Northumbrian Water that are not yet included on our records. Care should therefore be taken prior and during any construction work with consideration to the presence of sewers on site. Should you require further information, please visit <https://www.nwl.co.uk/services/developers/>

For information only

We can inform you that a public sewer and two water mains are located within the red line boundary of the site and may be affected by the proposed development. Northumbrian Water do not permit a building over or close to our apparatus. We will work with the developer to establish the exact location of our assets and ensure any necessary diversion, relocation or protection measures required prior to the commencement of the development. We include this informative so that awareness is given to the presence of assets on site. For further information is available at <https://www.nwl.co.uk/services/developers/>

Yours sincerely

Carrie Taylor
Developer Services
