Subject: R/2020/0371/SCP - Scoping opinion for new port facility, South Bank Wharf

OFFICIAL

FAO – Mr D Pedlow

Ref – R/2020/0371/SCP

Proposal – Scoping Opinion for the new Port Facility to support landside proposals for general industrial and storage and distribution uses

Location – South Bank Wharf

Thank you for your letter of 23 July 2020 providing Network Rail with an opportunity to comment on the abovementioned scoping opinion request.

In relation to the above scheme, as outlined on page 9 of the scoping document, Network Rail would be keen to ensure that there was no impact on railway assets from construction traffic associated with the site. Any Environmental Impact Assessment should include details of the haulage routes in the Transport Assessment and a traffic management plan associated with the marine construction works.

Kind regards

Matt Leighton
