**Subject:** Dorman Long Tower

Hi,

I'm writing to add my name to the voices asking for the Dorman Long Tower to be saved. It's an iconic building – not only the most visible building landmark for the area but of our industrial heritage.

I understand that the council could serve a preservation order on the tower in order to allow time to make an application for listed status with Historic England.

This tower could be incorporated into the new site, making it all the more special and befitting of the town. It would be extremely sad to destroy a building that holds so much history, especially when it could be a beautiful reminder and poignant statement of the past meeting the future.

Please let me know if there is a planning application I can comment on (I've not been able to find it) or if there is anyone else I should contact?

Kind regards,

Emma

Kind regards,

Emma
