Subject: dorman long tower planning officer David Pedlow

Ref: R/2021/0728/PND Dear Mr Pedlow i would like to express my concern over the demolition of the Dorman Long Tower at the South Bank Coke Ovens. I understand that work has already commenced (4th September) on the demolition during the consultation phase where a definite decision to demolish it has not yet been officially taken. Also has a bat survey taken place (if required) If there is nothing the council can do and they are powerless to stop this demolition can you suggest someone else who might listen i know that there are a lot of people who want the tower saved i too would like to see the tower saved. Assuming it has to go ahead will the Black Path public right of way be closed and will there be notices put up giving people plenty of warning and South Bank Rail Station will that have to close and the railway. I would appreciate a reply to my questions please. Kind regards David Stephenson.
