18 April 2023

Dear Sir/Madam

PROPOSAL: Consultation on PINS Ref : EN0700009 – The Planning Act 2008 (as amended) the infrastructure planning (Environment Impact Assessment) Regulations 2017 (The EIA Regulations) –Regulation 10 and 11 Application by H2 Teesside Ltd for an order granting development consent for the H2 Teesside Project – Scoping consultation and notification of the applicant’s contact details and duty to make available information to the applicant if requested

LOCATION: H2 Teesside DCO Project

APPLICANT: The Planning Inspectorate

**TRANS-PENNINE ETHYLENE PIPELINE & WILTON TO GRANGEMOUTH
ETHYLENE PIPELINE**

Many thanks for your notification of request dated 13 April 2023 for planning reference, R/2023/0300/DCO, at the above address.

The proposed development appears to be located in the inner, middle and outer zone of the above Major Accident Hazard Pipeline as defined by the HSE development control guidelines (PADHI – HSE’s Land Use Planning Methodology document).

In terms of the safety and engineering integrity of the pipeline I would advise you that SABIC is consulted should any work within 50 metres (notification zone as required by operators of Major Accident Hazard Pipelines) is to be carried out, as this would need approval from ourselves before any work is commenced.

Should planning consent be granted, we would require to consult fully with the developer prior to construction commencing on the site to agree a method statement and ensure that our standard conditions for work in close proximity to the pipeline are met.

Yours faithfully

G L Glover
